CHAPTER VI

CONCLUSION AND SUGGESTION

In this chapter, the researcher presents the conclusion of the research to answered the statement of problem and suggestion for English teacher, the students and researcher.

A. Conclusion

Based on the result of analysis in the previous chapter, the writer can conclude that:

1. The use of series picture can help improve the writing ability of students. Serial picture was suitable media to improve writing ability. So, students can develop their stories based on the picture freely. In the case, students can learn how to write stories in completes sentences and able to produce stories.

2. The use of series picture can stimulate and share their idea to write. So They can produce recount text easily.

3. The use of serial picture able to encourage motivation to learning English. Teaching writing use serial pictures encourage them to write. It can create students’ enjoy feeling in the writing process and create fun environment. Despitefully, the use of series picture can help memorize vocabulary. Based on opinion of Badru Zaman that presentation of transferring information was 75% using eyes sensory (visual).
4. Based on the observation, that the result of the writing test 1 show 70 score whereas in the result of writing test 2 show 76. It means that there improving writing ability of students and the student of the class able to pass standar of scale score.

B. Suggestion

Based on the conclusion above, the researcher would like to offer some suggestions, they are

1. For teacher should use series picture to give motivation so that the students able to follow the lesson and more focus.

2. The professionalitas major factor in determined the success of students.

3. The researcher should explained what recount text first before asking students produce recount text.

4. The researcher hope that there will be many researchers who interested in learn some other methods in teaching a recount text writing effectively in the future.
