

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, Researcher presents the conclusion of the study and the suggestion for English teacher, Students and the next researcher. Here is the description as follow:

A. Conclusions

Based on the data analysis conducted, the following conclusions can be drawn : Problems in Speaking Skill: The students faced several problems in their speaking skills, including a lack of vocabulary, difficulties in pronunciation, poor grammar usage, inability to speak fluently, and challenges in understanding spoken English. Additionally, the students tended to inhibit their English speaking practice and relied more on their mother tongue. Causes of Speaking Problems: The causes of students' speaking problems can be attributed to two main factors. Firstly, the knowledge factor indicates that students lack a sufficient understanding of various aspects of the language, such as vocabulary and grammar rules. Secondly, the skill factor encompasses issues like a lack of confidence lack of practice and low motivation, which hinder the development of effective speaking skills.

B. Suggestion

Based on the result of the research finding, the researcher would like to give some suggestion for the following people.

1. For the teacher

Hopefully, the teacher able to evaluate all the strategies that have been applied in MTsN 6 Kediri to get the effectively teaching and learning process in order to gain the best result of learning.

2. For Students

The students are hoped to practice English at time, and they should realize that English is very important for them to face the globalization era.

3. For the future researcher

For the future researchers who want to conduct research with the same subject, the result of the research can be used as an additional reference or further research with different discussion.
