

CHAPTER V

CONCLUSION AND SUGGESTION

Conclusion and suggestion is the last part of this thesis. Conclusion relates to the problem of this research while the suggestion based on the research findings, discussion and conclusion of the research.

A. Conclusion

The conclusion based on the observation and the students score results of the application of cooperative learning to develop grammar ability using group investigation method to them were:

1. The application of cooperative learning to develop grammar ability of the first grade student's members at MAN Nglawak Kertosono can improve their grammar ability and also can increase their activeness in teaching learning process.
2. The percentage of students' activities in observing the students in the end of cycle 1 is 32,14% and it increase become 75% for their activities in their class in the end of cycle 2.
3. There is a progress for the students' achievement in English grammar. It seem when the more of students' score increase, it begins from 9 students (32,14%) success in cycle 1, become 21 students success in cycle 2, or it was 75% of all the students could get score >70.
4. The students' motivation and confident can develop by grammar ability using group investigation method.

B. Suggestion

In order to increase students' develop grammar ability through group investigation, the researcher has formulated some suggestion that should be considered by English teacher as follows:

For teachers

1. Teacher should be well prepared the materials that can supported the objective of the study.
2. Teacher must often to explain about grammar, is like give an example with the students.
3. Teacher should give complete and clear explanations about what group investigation is, and how it works.
4. Teacher should be more creative in searching other interesting resource or trying new method, technique and media in teaching grammar to improve students' interest and develop their writing or reading ability.

For other researcher

The writer hopes that there will be many researchers who are interested in studying some other techniques or methods to teach grammar more effectively and fun in the future.

For the students

The students have to improve their knowledge, especially in grammar because they will need it for the roles a writing, reading and communication well.
