

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the researcher presents the conclusion to answer the statement of the problem and suggestion for the English teacher, students, and the next researcher to use *Everyone is a Teacher Here* in teaching reading skill in English.

A. Conclusion

The objective of this research was to know the effectiveness of *Everyone is a Teacher Here* on the improvement of student reading skill. The result of the statistical computation of ANCOVA which was significant at $(p) .000 < 0.05$ level. Since the significant value shown by SPSS' output smaller than 0.05, statistically there was enough evidence to reject the H_0 hypothesis, than the H_1 hypothesis was received. It means that the students who were taught by using *Everyone is a Teacher Here* have better reading skill than student taught without *Everyone is a Teacher Here*. Therefore the hypothesis "Everyone is a Teacher Here, is effective to improve reading skill at second grade student of MTS Sunan Ampel Kepung Kediri" was **accepted**. It means that *Everyone is a teacher* is effective to improve students' reading skill at the Second grade of MTS Sunan Ampel Kepung Kediri.

B. Suggestion
