## ABSTRACT

Zuhriyah, Laelatul, 2013. "*Improving the Speaking Ability of the Students of MAN KunirBlitar by using Practice Rehearsal Pairs Method*" Thesis, Tarbiyah, English Department, The State College of Islamic Studies of Kediri, Advisor (1) Ary Setya Budhi Ningrum, M.Pd (2) Muhammad Muhyidin, M.Pd

Keyword: *Speaking Ability, Practice Rehearsal Pairs Method*

This research was conducted to improve the speaking ability using Practice Rehearsal Pairs method of the second grade students of MAN Kunir Blitar. The subject of this study is the second year students of MAN Kunir Blitar, the class consist of 31 students.

The research design of this study is Classroom Action Research (CAR). To do this research, the researcher uses some instruments; those are observation, interview, and test. In this observation, the researcher implemented Practice Rehearsal Pairs method in two cycles. Every cycle was conducted in two meetings.

The result of the research shows that in cycle 1 the implementation of Practice Rehearsal Pairs method was not success, the percentage of students' achievement is 54, 8%, just 14 students out of 31 students get success. While 75% the number of individual test of students score was 75. It means that the researcher needs the second cycle in order they can improve their speaking ability. In the next cycle the students' achievement was success. The percentage was 93,5% (there was 29 students out of 31 students). From the explanation above, we can say that the implementation of Practice Rehearsal Pairs method can improve the speaking ability of MAN Kunir Blitar.
