

CHAPTER V

CONCLUSION AND SUGGESTION

After finishing the whole steps of CAR, the writer arranges some conclusions and suggestions based on the result of the research.

A. Conclusion

From the result of the research on the previous chapter, writing is a bored assignment for students because they cannot explore their idea during writing process. And in this research, the researcher use guided questions technique in improve writing descriptive text. This technique can improve the students writing in descriptive text. And the steps of guided questions technique are:

1. Think about the subject.
2. Make some questions about your subject that can help you to imagine the subject.
3. Answer the questions correctly, detail, and clearly. It is important to make your essay interesting and easy to understand by the readers.
4. Arrange your answers into paragraph form.

And the result of the implementation of that technique are makes students easier in making descriptive paragraph, and makes them easier exploring their idea in making descriptive paragraph. The technique also can improve student's achievement significantly in writing skill of descriptive text.

B. Suggestion

Based on the classroom action result, the writer gives some suggestions as follows:

1. In learning writing skill, the teacher are expected to be more creative in teaching their students in order to maximize teaching learning process, and makes the students are not bored.
2. Teacher should not teach their students monotonously, because it may make them bored. Teacher may use the other innovations in teaching and learning process to improve student's academic achievement.
3. Guided questions can be applied in English teaching learning process as one of the innovations in teaching and learning process, particularly in improving student's writing skill in descriptive text. Guided questions make them easier in creating descriptive paragraph.
