

CHAPTER VI

CONCLUSION AND SUGGESTION

Conclusion and suggestion is the last part of this thesis. Conclusion relates to the problem of this research while the suggestion based on the research findings, discussion and conclusion of the research.

A. Conclusion

The conclusion based on the observation and the students score results of the implementation of retelling technique to them were:

1. When the researcher implemented the cycle 1 by command the students to come forward and retell the story one by one, the students seem bored and unhappy to do that.
2. In the reflection, the researcher and her collaborator tried to find new idea in implemented the technique, they thought to divide the students in a group and divide the story of the text based on the member of the group. So, the students come forward in a group and told the story changeable between the members in a group. They looked more confident and enthusiast in telling the story. It proved by the increasing score between cycle 1 and cycle 2.
3. There is a progress for the students' achievement in English speaking score. It seem when the more of students' score increase, it begins from 12 students (48%) success in cycle 1, become 22 students success in cycle 2, or it was 88% of all the students could get score ≥ 75 .

4. The students' motivation and confidence can develop by the implementing the retelling technique in a group.

B. Suggestion

In order to increase students' speaking ability through retelling technique, the researcher has formulated some suggestion that should be considered by English teacher as follows:

For teachers

1. Teacher should be well prepared the materials that can supported the objective of the study.
2. Teacher must often to speak English with the students little by little in order to make the accustom to English
3. Teacher should give complete and clear explanations about what retelling is, and how it works.
4. Teacher should be more creative in searching other interesting resource or trying new method, technique and media in teaching speaking to improve students' interest and develop their speaking ability.

For other researcher

The writer hopes that there will be many researchers who are interested in studying some other techniques or methods to teach speaking more effectively and fun in the future.

For the students

The students have to improve their knowledge, especially in speaking English because they will need it for the communication in the global era.
