CHAPTER V

CONCLUSION AND SUGGESTIONS

This chapter consists of two sections, namely conclusions and suggestions. The first section is conclusions, it describes about the research related to the formulation of the research problems and objectives in this research. The second one is suggestions of particular matters for the readers, English learners, and further researchers. Each section is presented below.

A. CONCLUSION

In this section, the researcher concludes that communication is important things in society, it happens in each people in the world from baby, kids, teenager to old. However, everyone sometime makes mistake in their speaking without knowing the rules or norm, and make the hearer does not understand to them, because of that the researcher deliver the Grice Conversational Theory, which this theory could applied in various situation and the researcher want to give the standart about the succesful conversation by using the Grice's Conversational Theory. This research is conducted to find out what the types of maxims are flouted by the characters' utterances in animated movie *"Big Hero 6"* and the dominant of maxims flouted by the characters in the conversation in animated movies script. The researcher use qualitative method to analyzed the data, and describes the data found in this research.

Based on the previous data analysis and discussion, the researcher founds two conclusions which can described as the types of maxim flouting

in the *Animated Movie Big Hero 6*, the researcher found that all of the maxim are flouted by the characters of *Animated Movie Big Hero 6,* the researcher found 55 data refers to flouting all of the maxim. The other conclusion from the research is the frequently maxim flouted in the conversation by the characters in *Animated Movie Big Hero 6* was flouting the maxim of quantity. because the characters often give too much information than what is required. They answer completely for the reason of being cooperative. However, sometimes they deliver less information as well.

B. SUGGESTIONS

According to the results of the analysis of maxim flouted in animated movie *"Big Hero 6"* by Grice's Conversational Principles theory, the researcher convey the suggestions for the readers and everyone who interest with this topic. The researcher suggest to the readers to learn more about the types of the maxim flouted by Grice Conversational theory to make the conversation effective. It is important to know the study of maxim flouting because it can show the various implied meanings in responding to any kind of statements or answering questions because sometimes people get miscommunication between the speaker and the hearer which normally happens, it called flouting the maxim. Therefore, the readers are expected to be able to explore this kind of phenomena to enrich their knowledge through this study, use this research as motivation or reference to learning discourse especially about flouting maxim. And make a development from this research

to make this research better by using another literature object as the data in the research like short stories, advertisement, novel, TV series, and etc.
