

CHAPTER V

CONCLUSION AND SUGGESTION

This last chapter deals with conclusion and suggestion of this research. The researcher presents the conclusion of this research which gives short description and the result of this research. Then, the researcher also presents the suggestion related to this research.

A. Conclusion

The researcher can conclude the discussion about the implementation of *Cambridge Curriculum* in the teaching – learning process at SMP Wahid Hasyim Tebuireng Jombang above. The students can improve their own knowledge to do essay material in teaching and learning process at every meeting. It is the way to grow the students' ability. The teacher only guides them to understand and give briefing. Every meeting, the students often get the task that directly collected. It improves the students' own knowledge well soon. It is not possible many students join this *Cambridge* class.

The final examination is called checkpoint. Checkpoint is taken and corrected by CIE (*Cambridge International Examination*). This test is in once a year. Joining this test, the students will get a certificate. Because this research is at Junior High School, the certificate could not use to enter University in other country applies to Senior High School only.

B. Suggestion

1. The teacher

- a. The best teacher is the best for students who serve professionally. Because students of *Cambridge Curriculum* class is exceptional students.
- b. As a service program, it should be nice if they can apply the teaching – learning process of *Cambridge Curriculum* in totally.
- c. Comprehend the students' characteristic, and help the students to develop their intelligence by their own style.

2. The headmaster

The headmaster should supervise more to the teacher in order to improve the teachers' creativity in teaching process.

3. The students

- a. The students should welcome *Cambridge* program as serving them.
- b. Be more creative in conducting to join in the teaching and learning process.
- c. Always evolving your potential because it is evidence to thanks to the God.

4. The researcher

This research should be conducted again by involving the head master, the teacher, the students and the supervisor as respondents.
