## ABSTRACT

**Lailliah, Anif.** 2023. *Improving Students' Speaking Skill in Presentation Using TEDx Talks YouTube Video as Media at SMK Negeri 2 Kota Kediri.* Thesis. Department of English Language Education, Faculty of Tarbiyah, State Islamic Institute (IAIN) of Kediri, Advisor: (1) Erna Nurkholida, M.Pd. (2) Mohammad Muhyidin, M.Pd.

*Keyword: Discussion, Speaking, Classroom Action Research.*

The goal of teaching English is to interact with students in every class activity. In learning, teachers are free to use media, such as technology-based media, namely YouTube video. Therefore, teachers are advised to be more creative in teaching and often pay attention to students' pronunciation and fluency. However, in teaching speaking, several problems often occur. Regarding the problems that occur, researcher had strategy that be quite a big impact on students. One of the strategy used by researcher is discussion. This aims to make it easier for students to understand the material topic that has been determined.

The design of this research is classroom action research (CAR), which consists of the steps "planning, action, observation, and reflection. It was conducted in two cycles, and the research consisted of four meetings.

The results of test 2 (cycle 1) showed that there were 13 students, or 38.23%, who met the completeness criteria. It meant that it did not fulfill the criteria of success, namely that 75% of the students did not score 75 in the class. Because the cycle 1 scores did not meet the criteria, the researchers continued with cycle 2. The results of cycle 2 showed that there were 26 students, or 76.47%, whose scores met the completeness criteria. Based on the success criteria set, the results of cycle 2 have met the target success criteria, namely, 75% of students got a score of 75 or more. It can be concluded that using TEDx Talks YouTube video as media improves speaking skill in presentation at SMK Negeri 2 Kota Kediri.
