

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter is divided into two major parts. They are conclusions and suggestions. The conclusion section explains the research findings related to the research problem. The second part contains the suggestions for lecturers, students, and future researchers.

A. Conclusion

Based on the results of the research, it can be concluded that the students' opinions were in high agreement. The data were grouped into three indicators; students' experience, the benefit of the media, and the language implementation and awareness.

In the students' experience, the result can be interpreted that many students are highly agree (76.2%). Most of the students were know about the English movie, and many of them already watching English movie use Indonesian subtitle. The students stated that it is easy to find and download the Indonesian subtitle of English movie in the internet.

Therefore, in the benefit of the media the results can be interpreted that many students are highly agree in the use of Indonesian subtitle of English movie has positive benefit on vocabulary enhancement (77.2%). Many students agreed that by reading the Indonesian subtitle of English movie was effective to improving and practicing their vocabulary.

In the language implementation and awareness, the result can be interpreted that many students are highly agree (72.5%). It was easy for the

students to remember the new vocabulary in the English and use the new vocabulary in another daily expression with different context.

From there three indicators, students' opinions of reading Indonesian subtitle of English movie on their vocabulary learning are at the high level of agreement (75.3%). Students have claimed that they already watch the English movie using Indonesian subtitle, and after watch the movies they always gain new vocabularies. Even though some of the students still have some problems using the subtitles such as misspelling words and grammar. However, the students also be able to improving their vocabulary better.

B. Suggestion

The suggestions are given to the lecturers, the students, and also for the future researchers who are interested in conducting this similar topic.

1. For Lecturers

Based on the findings on this research, Indonesian subtitle of English movie was a beneficial medium that could help students' improving their vocabulary. Lecturers are recommended to try this media in the vocabulary practice to optimize learning in order to create conductive learning so the students would not be bored in learning English. Indonesian subtitle of English movie is also easy to find and download.

2. For Students

Students must be able to focus more on reading Indonesian subtitle of English movie so that their vocabulary will improve every after watching the movies. Reading Indonesian subtitle on English movie also could help

students' practice their reading speed and recognize the grammar and word spelling.

3. For Future Researchers

The researcher suggest that future researchers should develop further research. This research can be a reference or a source. Since this research focused on the opinion of students in the vocabulary enhancement, the next researchers can conduct research toward the use of Indonesian subtitle of English movie in the reading, grammar and the other field.
