

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents the conclusion of the presentation of findings research and which stated in the previous chapter. It also present suggestion to the several parts relate to teaching process especially on English.

A. Conclusion

Based on the observation result, and the students' test result of applying think pair share technique with puppet as media teaching of speaking at fifth grade students' at SDN Cengkok Tarokan Kediri. The researcher concluded that the method can improve the students' speaking skill.

The criterion of success of the class action research can be from the score. In cycle I, the percentage of the students' activity was 65% in cycle II it improve 100%, it mean that the students' had been increased by using think pair share technique with puppet as media teaching of speaking and they enjoyed their learning. Besides, the improving of teacher's activity as good that was 96,65% to be 100% , it mean that researcher had done her activity well. Besides, the achievement test of the students' in cycle I was 24% who got and in cycle II, the students' achievement had improved, it was 71%.

In addition the teaching and learning process using think pair share technique with puppet as media teaching of speaking could run well. It happens because the nature interaction between students' and teacher was teacher students' centered that both of them being the decision markers in the class. The students' seemed enjoyable with their experience in learning think pair share technique with puppets. The students' activities also improved during the teaching and learning process.

B. Suggestion

After during this classroom action research and knowing the knowing the result of this research, the researcher has some suggestions:

1. To the Teacher

The researcher hope that English teacher get new reference to teaching speaking skill. And may English teacher gives better method especially when the teacher teaches speaking skill using Think Pair Share technique with puppets. Beside of it, the teacher should keep control the students activities to make our lesson interesting, and should present the language in a enjoyable,undersandable and relax. And the teacher should involve and help the students' patienly because the students' of elementary school still adapt with speaking lesson.

2. To the Students

The students have to improve their knowledge, especially in their speaking skill using Think Pair Share technique with puppets that can help them to improve their speaking.

3. To the Next Researcher

The other researchers are extremely encouraged to develop other researches related topic strategy in teaching speaking. Think Pair Share technique with puppets had the other part to be explored, so the next researcher can improve the next research which related to speaking strategy, It is expected to next researcher to achieve better outcome.
