

CHAPTER V

CONCLUSION AND SUGGESTION

Based on the review and explanation in the previous chapter, in this chapter the researcher presents the conclusion and suggestion. The conclusion are derived from the analysis of the data previously discussed in chapter V. The sugesstion are presented to improve the study of English, particulary for those who are interested in doing research of slang language.

A. Conclusion

By the explanation of the research finding, the researcher concludes about types of slangs related to Mihalick and Wilson's theory and word formation of slang related to Yule's theory in "Akeelah and The Bee" movie script. The first, The researcher finds many types of slang and word formations of slang. Types of slangs can be separated into two, they are; common slang and in group slang types that related to the theory. Second, the researcher finds word formations of slang. The categorizes word formation of slang can be devided into 11, they are: coinage, borrowing, compounding, blending, clipping, backformation, conversion, acronym, derivation, multiple process, and inflection. But in this research, the reseacher finds 5 categories of word formation, they are: commpounding, blending, clipping, inflection and borrowing in this movie.

Based on the findings and discussion in chapter IV , the conclusion can be drawn as follows:

1. There are two types of slang identified from the main characters “*Akeelah and The Bee*” movie script. They are common slang and in group slang. In this research, the writer found that there are 94 common slang and 11 in group slang.
2. And for the categorizes of word formation of slang based on Yule’s theory. The researcher found five kind of word formation processes of slang, they are :compounding, blending, clipping, borrowing, and inflection. In this research, The researcher found 1 compounding, 58 blending, 14 clipping, 1 borrowing, and 1 inflection.

B. Suggestion

The researcher deals with the analysis of types of slang and word formation of slang in the movie “ *Akeelah and The Bee*” in movie script. Movie is used as an object of the research because slang and word formation ideally appear in a conversations. The analysis and the findings, the researcher suggest some matters to the readers and next researchers in the same field. The suggestions are presented in the following.

1. For all of the readers

The researcher hope that readers would get more knowledge about types of slang and word formation of slang are used in *Akeelah and the bee* movie script. From this research, they can increase the variety language in literature, and learning slang word or phrases enrich new vocabulary. And apply the slang word or phrase to make more attractive, colorful in conversation.

2. For the next researcher

The researcher hopes that this research could be one of the references of their research and also the researcher hopes to the next researchers who are interested to conduct an analysis about word formation of slang in deeper analysis. The researcher also suggest analysis word formation of slang in another field.
