

CHAPTER VI

CONCLUSIONS AND SUGGESTIONS

This chapter presents some conclusions concerning the result of the study discussed in the previous chapter. This chapter also gives some suggestions which can be used to solve the problems in improving speaking ability.

A. Conclusions

1. The Students' Problems

Based on the research finding and discussion, it can be seen that the students have problems in improving speaking ability. The result explained that there are some problems faced by students in improving their speaking ability in class or outside the class. Most of the students have more problems in pronunciation, grammar, and fluency than the other problems. They also have problem in vocabulary, media and method in learning English, environment, and motivation that make the students are difficult to improve their speaking ability.

2. The Solutions of the Students' Problems

There are some solutions that have been given to solve the students' problems in improving their speaking ability. The solutions come from the students and the teacher. Some of them are the students should practice and do more exercise in their English grammar book. They can ask the teacher when they confused about the grammar, memorize some words, and also read some story books. In addition, the students should be active to speak English whether in the

class or outside the class. They should practice more. The students also can watch the movie and listen to the music more often. It is good to develop their pronunciation. It will help them to speak English well.

B. Suggestions

The researcher gives some suggestions to the students, teacher, and Gontor 5 Putri Islamic Boarding School.

The researcher suggests the students to more diligent in memorizing the vocabulary and practice more to improve their speaking ability. The students also can learn pronunciation by watching movie or listening to music by using some facilities that they can use it well in their school. They should do more exercise grammar and read some grammar books and apply it in conversation. The last, they must develop their motivation to speak English well.

The researcher suggests to the teacher to motivate and communicate the students to understand more what the students' problems and try to give the best solution for them. The teacher should create a creative learning method, so the students more interested to speak English.

The researcher suggests to Gontor 5 Putri Islamic Boarding School as the institution to give more activities by using modern technology such as video call, edmodo, and etc which can improve the students' ability in English as their main language in the school.
