

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the researcher presents the conclusion of the discussion. In this part the researcher also gives some suggestion for the English teacher, students, and the next researcher to use Bamboo Dancing Method in teaching speaking skill.

A. Conclusion

Teaching speaking is a very important part of second language learning. The ability to communicate in a second language clearly and efficiently contributes to the students. Therefore, the teacher can use some methods in teaching speaking to make the students have strong in teaching and learning process especially in learning speaking, the teacher should take the best approach, method, and strategies.

Based on the previous data analysis the researcher concludes this study, in pre-test the highest score of experimental group is 68. Meanwhile, the highest score of control group is 68. In addition, the lowest score of experimental group is 40, and for control group was 40. The mean score of experimental group is 52.32 and pre-test in control group is 54.24. Then the standard deviation of experimental group is 7.386 and the standard deviation of control group is 8.171.

In the post- test the highest score of experimental group is 88. Meanwhile, the highest score of control group is 72. In addition, the lowest score of experimental group is 68, and for control group is 52. The mean score of experimental group is 75.84 and post-test in control group is 62.56. It can be conclude that Bamboo Dancing Method can improve students' speaking skill.

The objective of this research is to investigate the effectiveness of Bamboo Dancing Method in teaching speaking skill. The result of the statistical computation of ANCOVA which is significant at $(p).000 < 0.05$ level. Since the significant value shown by SPSS output smaller than 0.05 statically there is enough evidence to reject the null hypothesis, then the alternative hypothesis is received. It means that teaching speaking skill using Bamboo Dancing Method is effective.

B. Suggestion

Based on the research problems and data analysis, the researcher would like to purpose some suggestions which hopefully would be useful for the English teacher, the students, and the next researcher.

1. For the teacher

The researcher hopes that the teacher give better method especially when they teaching speaking skill using Bamboo dancing Method. Besides, the teacher should keep control to the students' activities, and the teacher should present the language in an enjoyable, relaxed, and understandable way.
