Synopsis The Movie of Little Women

Little Women was released on December 25 2019, tells the story of the Merch sisters who live their own dreams. They are Meg (Emma Watson), Jo (Saoirse Ronan), Amy (Florence Pugh), and Beth Merch (Eliza Scanlen). During the Civil War, the Merch sisters lived in Massachusetts with their mother, Marmee (Laura Dern). They struggle to make ends meet while their father is away at war.

On a beautiful Christmas morning, the Merch sisters were very excited to attend the party with various dishes. However, they couldn't enjoy the food yet. Marmee also asked them to give some of the food to the Hummel family, who were hungry and lived in a small cottage. They go to the Hummel family cottage to provide Christmas treats. At that time, Theodore 'Laurie' Laurence (Timothée Chalamet), a young nobleman who lived opposite the Merch family house, with his grandfather, Mr. Laurence, look at them.

Merch and Laurance's family relationship is indeed very good. Mr Laurence even gifted Beth his late daughter's piano. What they didn't know was that Laurie secretly loved Jo, even from the first time they met, but was reluctant to say it.

The happiness of the Merch siblings began to be destroyed when the innocent and kind Beth Merch suffered from dengue fever and finally died. This caused deep sorrow for all family members. Apart from that, Laurie, who finally

had the courage to express his feelings for Jo, was rejected. Jo prefers to go to New York to start her career as a writer.

Meanwhile, a heartbroken Laurie vacations in Paris and meets Amy, who is pursuing her dream of becoming an artist. Not long after, they got married. In the end, heartbroken Jo found her love, namely Friedrich (Louis Garel), a professor who lived in the same boarding house when they were in New York.
