## ACKNOWLEDGEMENT

First of all, I would like to express my deep gratitude to Allah SWT for abundance of guidance, taufik, and grace, which has enabled me to complete this thesis with great struggle.

Furthermore, sholawat and salam may always be poured out to our lord, the Prophet Muhammad SAW, who has sincerely guided his people from darkness to the light of Islam.

I would also like to express my gratitude to various parties who have provided support, motivation, and prayers in the process of preparing this thesis, including:

1. To my beloved mother, Siti Fatimah (Almh), a simple woman who became the first light in my life. Even though she only graduated from elementary school, Mom has sky-high aspirations so that her children can achieve the highest education possible. Since the early semesters, Mom has survived against kidney failure, hiding the pain in order to keep my spirit burning. And when I was preparing for KKN, Mom left for good, leaving an irreplaceable empty space. Thank you for 24 years of your presence in my life, and 21 years of full support for my education. She is not a scholar, but she is the wisest university of life - teaching me the meaning of sacrifice, resilience, and love that never asks for a return. I write this thesis with longing and gratitude that can never be expressed enough.
2. To my dearest father, Zainuri-a daughter's first love. A strong figure who doesn't say much, but all his love is evident through sweat and sacrifice. Thank you for being the pillar of my life, replacing many things when Mom died, and continuing to encourage me to stand tall. May this work be one of the fruits of your irreplaceable sincerity and strength.
3. Dr. Wahidul Anam, M.Ag, as the Chancellor of IAIN Kediri, Dr. Hj. Munifah, M.Pd, and Nur Afifi, M. App. Ling, Ph.D, as the Head of English Department of IAIN Kediri.

4. Dr. Toyyibah, M.Pd. and Ria Fakhuriana, S.Pd.I., M.Pd., who have guided and provided direction during the process of writing this thesis.
5. My siblings, Muhammad Afifuddin, Fatikhatun Nasriyah, and Rosita Amalia Salsa Sabila, who always provide support in my academic journey at IAIN Kediri.
6. K.H. Abdul Hanan Maksum and Hj. Nunik Hamidah Zahro as the caretaker of Fathul Ulum Kwagean Islamic Boarding School.
7. Umik and Abuya, my second parents at Sunan Ampel Islamic Boarding School, who always provide knowledge, enthusiasm, and inspiration in the journey of studying.
8. All teachers and students of MTs Futuhiyyah Kwagean who have given me the opportunity to conduct research for the smooth preparation of this thesis.
9. All ustadz and ustadzah at the Sunan Ampel Islamic Boarding School who have shared their knowledge and provided inspiration while I was studying at the boarding school.

Alhamdulillah, with all my efforts and struggles, I can finally complete this thesis. However, I realize that there are still many shortcomings in this paper. Therefore, I really hope for criticism and suggestions from readers for future improvements. Hopefully, this thesis can provide benefits and positive contributions, especially for the world of education in Indonesia.

## ABSTRACT

**Hidayati Nur, Alvin.** 2025. *Developing Comic Short Film (CSF) to Enhance Vocabulary Mastery of The Eighth Graders of MTs Futuhiyyah Kwagean Kediri*, English Department, Faculty of Tarbiyah, State Islamic Institute of (IAIN) Kediri. Advisors: Dr. Toyibah, M.pd, Ria Fakhurriana, S.Pd.I., M.Pd.

**Keywords:** *Comic, Short Film, Vocabulary Mastery.*

Vocabulary mastery is a crucial part of the English teaching and learning process. A strong vocabulary is the main foundation in developing effective listening skill. One of the obstacles in vocabulary learning is the lack of student interest when using traditional media such as textbooks. Today's students are more interested in visual and interactive learning methods, such as reading activities combined with spectacle. Comic is one of the potential media because they have high visual appeal. Many students enjoy reading comics because they are entertaining and fun. More than that, comic is also able to trigger strong learning motivation and encourage students to be more enthusiastic in understanding the subject matter.

This study aims to develop visual video media that is suitable for use in vocabulary mastery learning, especially Part of Speech material (Adjective, Noun, and Verb) at MTs Futuhiyyah Kwagean Kediri. The method used is Research and Development (R&D) by adopting the ADDIE model, which consists of the stages of Analysis, Design, Development, Implementation, and Evaluation. The final product of this research is CSF (Comic Short Film), a visual video media designed to support the vocabulary mastery learning process in a more interesting way.

The results showed that the Comic Short Film (CSF) media developed received a very good assessment from material expert with a score of 94.66% and from media expert at 81%. After making revisions based on the experts' input, the media was then implemented in class VIII. The implementation results showed that teachers and students understood the material more easily and showed high enthusiasm in using the media. The evaluation results stated that the product was “feasible with revisions”, with notes on improvements to visual transitions, sound settings, the use of more communicative language, and the addition of relevant photo examples.
