

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the researcher presents the conclusion and gives some suggestions of this study. The result of this study which has already been discussed in the previous chapter is then concluded. Meanwhile, the researcher also proposed some suggestions related to this study and the result. It is expected that this study to be able to give useful contribution to another researcher who wants to conduct a study in the same field and the teacher who wants to make innovation in the teaching and learning activity.

A. Conclusion

Based on the result of the data analysis, research findings, and discussion in the previous chapter, the researcher concluded that:

The use of pictures was effective in teaching writing at the first grade students of SMAN 4 Kota Kediri. Using pictures in teaching could improve the students' writing skill especially in descriptive text. The students' writing skill before applied pictures was still low. It was different from the students' writing skill after applied pictures. It was found in students cycle 1 test was higher than the pre-test, which proved that applied of pictures in learning English contributed to the students' more effective in teaching writing especially in descriptive text.

The improvement can be seen through the table of the result pre-test and cycle 1 test. The mean score of the students in cycle 1 test showed high improvement of the students' writing skill. Pictures as a teaching technique was effective in improving the students' skill in writing especially in descriptive text at the first grade students of SMAN 4 Kota Kediri.

B. Suggestion

In order to make the teaching learning using pictures more interesting, the researcher formulated some suggestion to the students and other teacher or researcher. Hopefully it will used for them in the future. These are:

1. For teacher

The teacher should create all alternative in teaching English especially in writing and create good atmosphere in the classroom and make the students more active in the class. They could more creative in using teaching media to make the teaching-learning more effective.

2. For students

The students can easily apply and practice using pictures by following the ways. It will help students to solve their problem in writing and to improve their writing skill.

3. For the researcher

The result of this study can be used an additional reference of further research with different discussion.
