

CHAPTER V

CONCLUSION AND SUGGESTIONS

The section chapter of this study presents the conclusion of the study and some suggestions based on the result of the previous discussion. In addition, the conclusion deals with the result of junior high school students' perception toward the use word wall in learning vocabulary. The suggestions contain some recommendation for the teacher, students, and next researcher.

A. Conclusion

1. Junior high school students' perception toward the use of word wall in learning vocabulary

The result of research findings of students' general perception is positive responses were given by junior high school students perception general view about word wall in learning vocabulary. It means that most of the students agree and that word wall is use full to help them in improving their vocabulary mastery.

2. Junior high school students' problem toward the use of word wall in learning vocabulary

The result of research finding of students' problem is based on the interview the students feel that the word wall needs some wide space. The reason why this fact can shows up might be because the students feel that the word wall is single use only. In the other words, whenever they want to add more words, they need to concerning the size of the word wall board. If they put it on the wall in their classroom or private room at home, they should make a new word wall

again whenever the old one is full. It might be happened since the students' feel sad to throw away the old words and replace it with the new vocabularies.

3. Junior high school students' solving toward the use word wall in learning vocabulary.

The result of research finding of students solving is the students' problem related to the wide space need of the word wall has actually tried to be solved by the students themselves. Based on the interview, they say that they will write down the previous word on the word wall in a book as something like a vocabulary record of theirs. The students may have the solution because they feel that the notes can be their back-up whenever they forget the vocabularies they have memorized.

B. Suggestions

According to the result of this study, the researcher would like to give some suggestions for students, teachers, and further researchers.

1. For the students

Students have to know that English is important all this time until in the future, so they have to keep improve their skill, especially to learn English vocabulary, because vocabulary is the key from learning foreign language. Better knowledge will bring better future for their life.

2. For the teachers

Using Word Wall as strategy teaching in improve vocabulary mastery is recommended as an alternative way for English teacher, especially for Junior

Hight School teacher to attract the students' interest and motivation in learning English.

3. For the further researchers

The results of this study can be a reference for another researcher who wants to conduct a research about teaching vocabulary.
