DEDICATION

This study is wholeheartedly dedicated to my beloved parents, who have been my source of inspiration and gave me strength when I thought of giving up, who continually provide their moral, spiritual, emotional, and financial support.

To my sisters, friends, and classmates who shared their words of advice and encouragement to finish this study.

And lastly, we dedicated this book to the Almighty God, thank you for the guidance, strength, power of the mind, protection, and skills, and for giving me a healthy life.

ACKNOWLEDGEMENTS

First of all, thanks be to Allah SWT for His compassion, blessing, and permission for the researcher to complete her thesis. The researcher would like to express her heartfelt appreciation to her supervisor, Bahruddin, for his assistance, explanations, corrections, patience, and time during the thesis writing process. Gratitude is also given to the examiner in exchange for help, explanations, suggestions, and patience.

The researcher would like to dedicate her thesis to her loving family, her father and mother, who have always been there for her and prayed for her. The researcher would also want to convey her appreciation to her friend for their assistance. Finally, she is grateful to all of her best friends, who will not be named.

ABSTRACT

Alfiyah, Nasrotun. 2022. *Analysis on Code Mixing on Quora's Answer*. A Graduating Paper, Department of English Language Education, Faculty of Tarbiyah, State Islamic Institute of Kediri. Advisors : (1) Bahruddin, S.S., M.Pd., (2) Muhammad Afifi, S.Hum., M.Pd.

Keywords : Sociolinguistic, Code Mixing, Quora

This study is carried out the types, most dominant type and possible reason of code mixing. The purpose of this thesis is to analyze the types of code-mixing between English and Indonesian on Quora's answer. It classifies into three types : intra sentential, intra lexical, and involves a change of pronunciation. Furthermore, it also analyzes the possible reasons behind the authors to mix the code in their writing. This study uses qualitative methods to analyze the types and possible reasons for code mixing.

The results of this study revealed the types of code mixing : 18 data entirely are intra sentential code mixing. So, intra sentential code mixing is dominant as well as the only type of code mixing that occurred in Quora's answers. Second, possible reason to mixed the code, there are sixteen data included in talking about a particular topic, five data included in repetition used for clarification, fourteen data are included in the possible reason expressing group identity. So, talking about a particular topic is the dominant possible reason that writers use to mixed their writing on Quora answers.
