

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter covers the research findings and recommendations. The recommendations is expected to benefit the teacher, student, and researchers.

A. Conclusion

Based on data that been obtained, the final conclusion is obtain to answer research problems regarding the experience of difficulties of English essay writing at MAN 1 Kediri. The ability of students to writing needs to be studied again. There are still many students who feel that English essay writing is a difficult subject and causes students feel lazy to learn it. The difficulties that arise during English essay writing activities are that students find difficulties in vocabulary and wrong structure. The personal problem faced by students emerged after experiencing difficulties in English essay writing activities namely being “lazy”. With a writing culture can open insight and develop students’ character. When students are accustomed to writing, their insight and knowledge will increase, both in terms of knowledge and personality. Therefore, the teacher must evaluate the students’ difficulties while participating in English essay writing activity for the future so that students understand with the English essay writing

B. Suggestion

1) Teacher

For teachers, researchers hope that teachers are able to optimize teaching methods by adding vocabulary to students and then guiding them to work on writing essay correctly. Students should be able active role in process of writing activity so that students learning essay writing can run effefively and smoothly to gain maximum learning outcomes.

2) Student

For students, the researcher hopes that students will concentrate more on the teacher's explanation. Because the teacher's explanation will greatly affect their academic score.

3) Researcher

For researcher, the author hopes that this research can be used as a reference for further research on related topics and will be useful in the future for MAN 1 Kediri students.
